

1. There is a space in the 2 top options.... Make sure that is correct alignment you can see the problem when scrolling down.
2. The Goods Insured and Healths Insured PLEASE keep those 2 option on the TOP MOST part of all pages, do not move/drag that with menu when scrolling. Only MENU bar should move UP or DOWN if scroll.

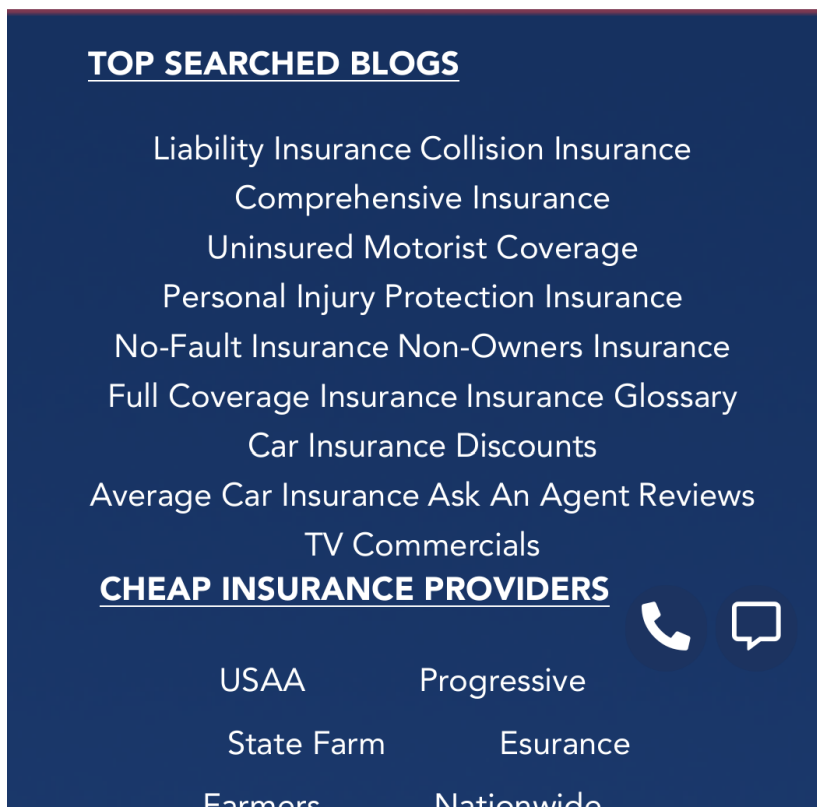

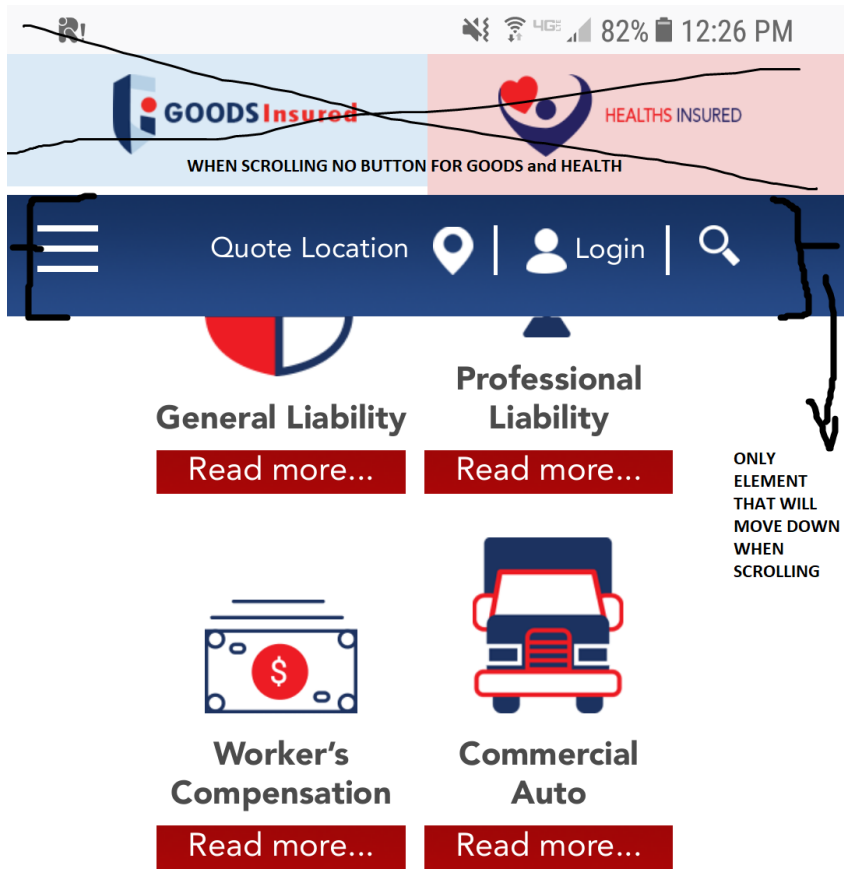

INFORMATION MENU is getting CUT off depending on screen resolution size.... MAKE SURE that the menu button CHANGE in size depending on screen resolution.

FOOTER title ARE NOT Hyperlinks. TYPE still on bottom text.

MOBILE ISSUES:

Make sure that only the menu bar will be scrollable, the other 2 buttons/link will be append to the top of all pages. ABOVE menu.

MENU has a lot of ISSUES on mobile FIX it as is not very user friendly... The idea is I CLICK on menu button on mobile BELOW that the options should appear with the blue background. NO RIGHT scroll.

WHAT IS BUSINESS

ISSUES wuth ZIPCODE and VIEW QUOTE button. YOU need that button to stretch vertically to show buttons correctly. DO NOT have a PRE default zip code option.
